

INCIDENTCAM 4G

IC4G: VIDEO AND TELEMATICS COMBINED

Whatever your fleet size or vehicle type, IncidentCam 4G delivers a connected video solution with integrated telematics to suit any application. Embedded memory ensures high definition video footage is stored securely and out of reach. In the event of a collision or driver panic activation, footage is automatically uploaded to Matrix Dashboard, notifying fleet operators within seconds of an event occurring.

CATCH DROWSY AND DISTRACTED DRIVING

IC4G is DMS ready, enabling the capture and reporting of distracted and drowsy driving. The DMS camera plugin monitors driver eye movement and head angle to detect and alert on fatigue and distraction, so you can safeguard driver wellbeing and protect fellow road users before risk turns into regret.

NOT JUST A DASHCAM

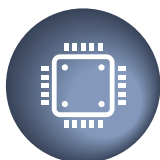

IncidentCam 4G has been designed to support multiple camera configurations, allowing up to four cameras to be connected and an external monitor to act as a manoeuvring and parking aid linked to indicator and reverse gear triggers. Optional live streaming via Matrix Dashboard provides total visibility so whatever your operation, we have every angle covered.

TECHNICAL SPECIFICATION

SYSTEM

Operating System	Linux
Main Processor	HI3520DV400

VIDEO

Video Input	4 CH:AHD 1080p
Video Output	HDMI/CVBS
Video Standard	PAL, NTSC
Video Compression	H.265, 30FPS
Video Display	1-4 CH

AUDIO

Audio Input	4 CH
Audio Output	1 CH
Audio Code	G726
Audio Recording	Auto Sync to video

IMAGE PROCESSING

Image Format	720p/1080p
Video Rate	720p: 2k-4kbps/1080p: 2k-8.1kbps

DATA STORAGE

Internal Storage	64GB
External Storage	SD Card up to 256GB

ADDITIONAL INPUTS

Alarm IO	3 x triggers
GPS Antenna	GPS, Beidou, Glonass
Accelerometer	3 x axis
4g LTE	TD-LTE/FDD-LTE

SIZE

Dimensions	102mm x 114mm x 66mm
------------	----------------------

ENVIRONMENT

Working Temp	-20 to +65°C
Humidity	10% – 90%

WARRANTY

12 months

CAMERA OPTIONS

Compact forward facing camera

DMS Plug in camera

Dual Cam with adjustable angle capture

Externally mountable side camera

Externally mountable rear facing camera with link to cab monitor
